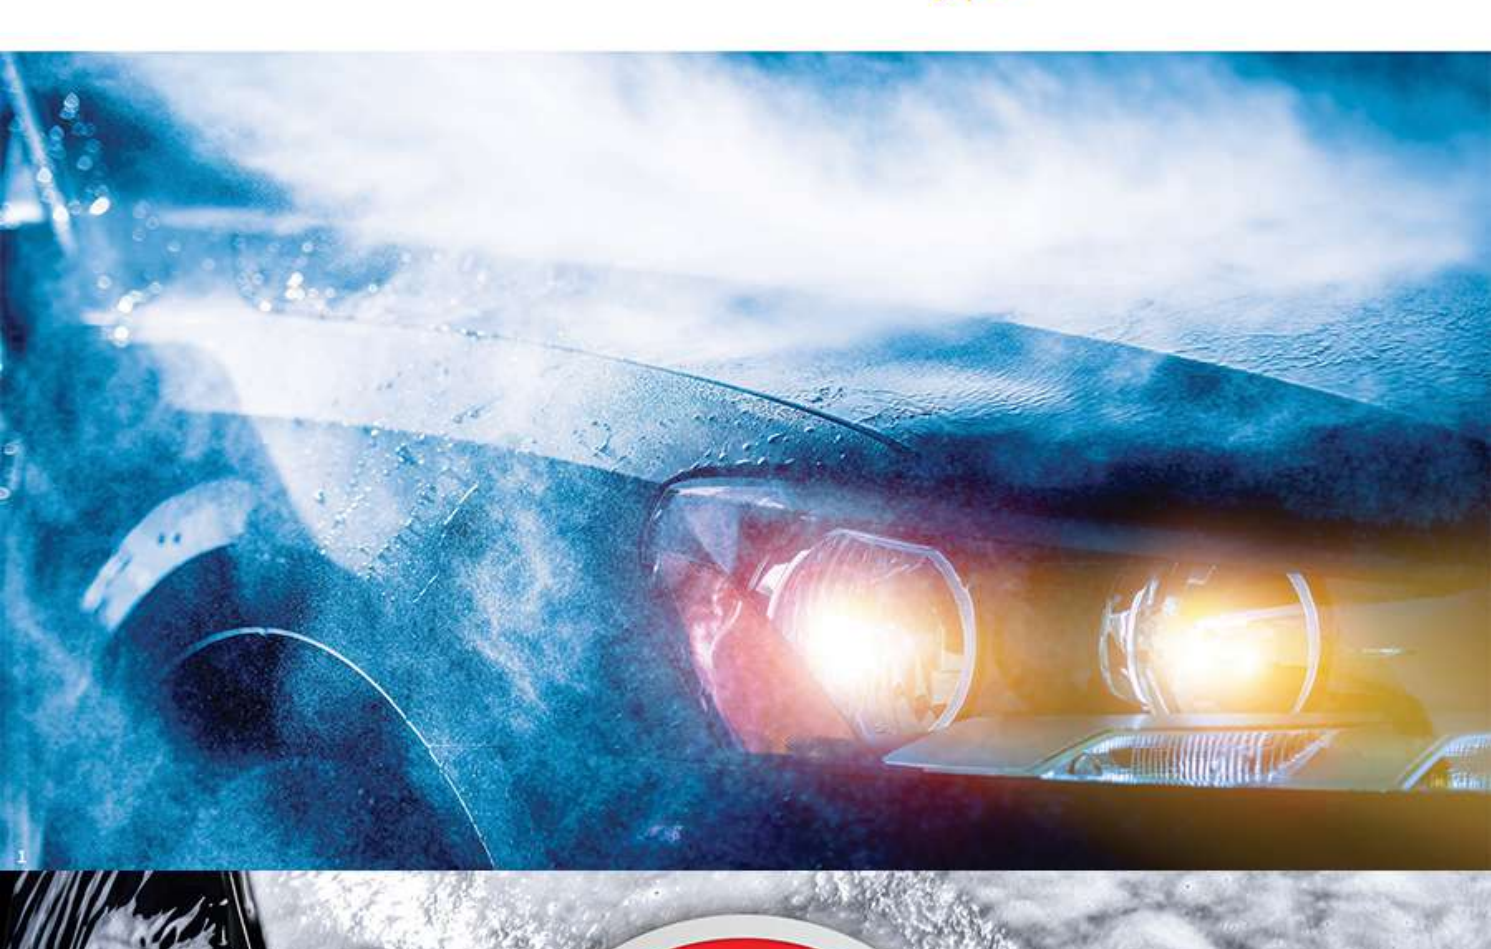
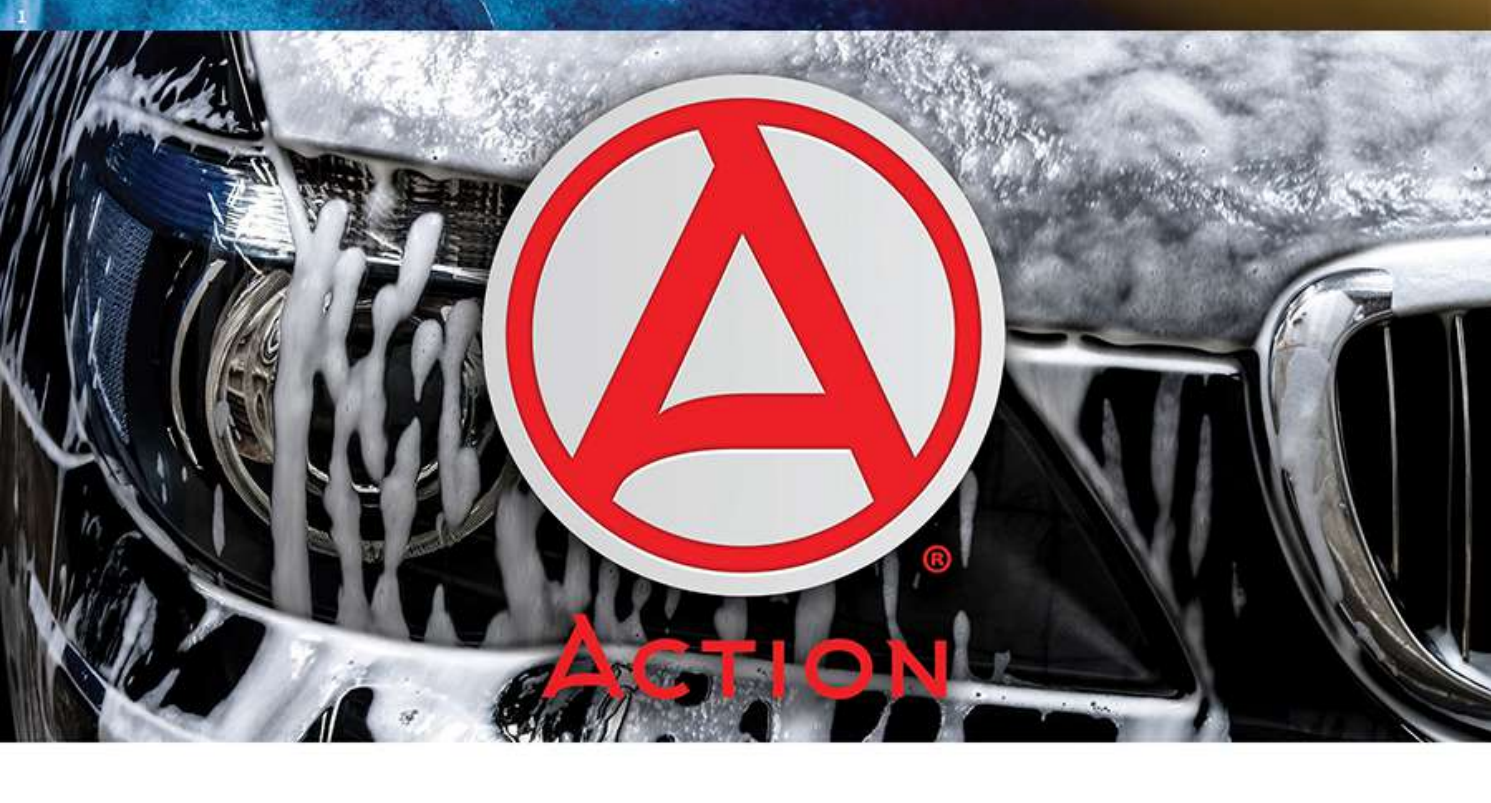
JBS FAMILY OF PRODUCTS

Since 1979, JBS Industries has grown to become a major force in car wash soap manufacturing. This growth has been fueled by four primary reasons: Quality, Innovation, Service and Value. The quality of JBS products is recognized worldwide as being a line that performs at a superior level time and time again. Our innovation has led to dozens of revolutionary new products over just the last few years. Just ask one of the hundreds of longtime JBS customers about service and they will tell you a story about how someone from the JBS team has helped them get out of a tough situation. The fourth reason for our tremendous growth has been value. With JBS, customers receive a high quality, national brand car wash soap at highly competitive cost-per-car ratios. We simply deliver higher dilutions, more fragrances, brighter colors, shinier vehicle finishes and cleaner cars. This is why JBS means **JUST BETTER SOAP**!





ACTION®
ULTRA CONCENTRATES

Action® ultra concentrates are 2x more concentrated than standard formulas and can easily replace any product you're currently using.

Self-Serve 🟢
Friction 🔵
Touchless 🟣

ACTION® DETERGENT **(AT-100)**	🟢🔵	Unique surfactant blend provides incredible amounts of foam, lubricity and cleaning action.
ACTION® PRE-SOAK (LOW PH) **(AT-101)**	🔵🟣	Removes road film from all vehicle surfaces. Effective in both hard and soft water applications.
ACTION® PRE-SOAK (HIGH PH) **(AT-102)**	🟢🔵🟣	A blend of polymer surfactants, alkaline builders and soil suspending agents that quickly lift and remove road film and soil. Used as a single step pre-soak or as the second step in a two step system.
ACTION® FOAM BRUSH **(AT-105)**	🟢	Great customer appeal. Unbeatable foam and lubricating action. Available in Pink/Cherry, Blue/Bubble Gum and Purple/Grape.
ACTION® GLOW FOAM® **(AT-120)**	🟢🔵🟣	Detergent based brilliant colored foam with gloss enhancing silicone agents. Available in Blue, Pink and Yellow
ACTION® FOAMING SHINE **(AT-125)**	🟢	Designed for the self serve foam wax cycle. This foam wax concentrate delivers lasting shine and protection.
ACTION® TIRE CLEANER **(AT-130)**	🟢🔵	Alkaline wheel and tire cleaner. Cuts break dust and road film.
ACTION® DRY CONCENTRATE **(AT-140)**	🔵🟣	Ultimate drying agent creates quick breaking action dramatically reducing dry time.
ACTION® CLEAR COAT SEALER **(AT-142)**	🔵🟣	Silicone enhanced premium grade sealant and protectant. Provides ultimate shine and lasting protection.
ACTION® HIGH PH BOOSTER **(AT-150)**	🔵🟣	Alkaline booster and water conditioner. Can be used with high pH pre-soaks to augment cleaning.

C.Ø.M.P.A.S.S.
A New Direction in Car Wash Chemistry

DETERGENTS

LOW PH DETERGENT HPC **(CPS-101)**	🔴	Fantastic lubricator for all friction machines. This low pH detergent softens film and soil to provide a clean shiny surface.
FOAM BRUSH HPC **(CPS-300)**	🟣	Great customer appeal. Unbeatable foam and lubricating action. Available in pink/cherry, blue/bubble gum and yellow/citrus.
HIGH PRESSURE SOAP HPC **(CPS-400)**	🟣	PH balanced surfactant blend provides incredible amounts of foam, lubricity and cleaning action.
BODY DETERGENT HPC **(CPS-401)**	🟣🔴	A quality blend of surfactants that softens road film and offers excellent lubricity. Hyper concentrated and neutral pH.
FOAM BOOSTER HPC **(CPS-402)**	🔴🔵	Offers a synergistic blend of detergents that work equally well in low or high pH solutions. Designed to be used with CPS-105 and CPS-201.

PRE-SOAKS

LOW PH PRE-SOAK HPC **(CPS-100)**	🔴🔵	Used in a 2-step pre-soak system. Removes road film from all vehicle surfaces. Effective in both hard and soft water conditions.
SALT ASSAULT® HPC **(CPS-104)**	🔴🔵	Hyper concentrated low pH winter pre-soak designed to remove road salt and seasonal deicing treatments.
LOW PH BOOSTER HPC **(CPS-105)**	🔴🔵	A unique blend of low pH products that offers extremely high dilution ratios. Designed to be used with CPS-402 Foam Booster HPC.
HIGH PH PRE-SOAK HPC **(CPS-200)**	🔴🔵	A blend of polymer surfactants, alkaline builders and soil suspending agents that quickly lifts and removes road film and soil. Used as a single step pre-soak or as the second step in a 2-step system.
HIGH PH BOOSTER HPC **(CPS-201)**	🔴🔵	Alkaline used in conjunction with high pH pre-soaks to increase cleaning power. Dual injection required.
BUGSAW® HPC **(CPS-203)**	🟣🔴🔵	Hyper concentrated bug and pollen remover. Liquefies bugs and removes pollen easily. High pH and high foaming. Can be used on bug pass or low pressure applications.

C.O.M.P.A.S.S.®
HYPER CONCENTRATES

Self-Serve 🟣

Touchless 🔵

WHEEL & TIRE

HIGH PH WHEEL & TIRE HPC **(CPS-500)**	🟣🔴🔵	Hyper concentrated high pH wheel cleaner that combines a blend of surfactants that soften and dissolve brake dust. This C.O.M.P.A.S.S.® product is extremely effective on wheel and tire surfaces. Product contains pleasant lemon scent.
PREDATOR HPC **(CPS-501)**	🟣	A triple strength high pH polymer wheel cleaner that is sure to get the job done.
LOW PH WHEEL & TIRE HPC **(CPS-502)**	🟣🔵	Formulated to soften and remove brake dust quickly, especially effective on European rims. Should be used on CTA applications.

PROTECTANTS

SAMURAI SHIELD® HPC **(CPS 602)**	🔴	Remarkable shine and long lasting water repellent protection in a hyper concentrated formula.
CARNAUBA HPC **(CPS-603)**	🟣🔵	Carnauba HPC imparts a shiny, dry car. It can also be used as an additional profit center by adding that just waxed look.
OMEGA DRY® HPC **(CPS-605)**	🟣🔴🔵	Premium grade drying agent that creates a hydrophobic surface that sheets water from vehicle surface.
SHINE TIME® HPC **(CPS-606)**	🔴🔵	Give your customers the shine that keeps them coming back. Shine Time® gives you the depth and gloss appearance of a freshly waxed vehicle in a hyper concentrated formula.

TRI-COLORS

GLOW FOAM® HPC **(CPS-700)**	🟣🔴🔵	Hyper concentrated brilliant colored detergent with gloss enhancing silicone agents.
GLOW FOAM® LOW PH HPC **(CPS-701)**	🔴	All the great foam and color you expect from Glow Foam® in a low pH formula. Great for tunnels where foam, lubricity and show are needed.

NEXT GENERATION C.O.M.P.A.S.S.® CONTAINERS ARE HERE

NEW FEATURES:
- Streamlined Design
- Volumetric Spout
- Improved Fill Rate
- Transparent Container
- Adjustable Levelers
- Redesigned Handles

HIGH PH PRE-SOAKS

STORM® XT **(PR-102)**	🟣🟡🔵	Polymer based single step pre-soak and frictionless detergent that quickly removes road film, grease, and grime.
STORM® HYPER **(PR-105)**	🟣🟡🔵	Storm® XT polymer technology with added grime fighting agents.
RED STORM® F/B **(PR-160)**	🟣	Alkaline based liquid pre-soak to quickly remove road film in the most extreme cleaning conditions.
AQUA MATRIX® **(PR-190)**	🟣🟡🔵	Alkaline based pre-soak ideal for cleaning in hard water environments.
STINGRAY® KITS **(PR-200)**	🟣🔵	Two part pre-soak/detergent compact kit. Tremendous high foaming action that provides shine to vehicle surfaces. 1 part powder and 1 part liquid. Makes a 55 gallon drum.

LOW PH PRE-SOAKS

SALT ASSAULT® **(PR-161)**	🟡🔵	Winter pre-soak designed to remove road salt and seasonal deicing treatments from vehicle surfaces.
STINGRAY® PLUS **(PR-164)**	🟡	A safe alternative to HF products without the harmful side effects to people, equipment and the environment.
FONIC® WASH LOW PH **(PR-170)**	🔵	Excellent two-step pre-soak/detergent. Extremely effective on glass, chrome and trim.
FONIC® WASH CITRUS **(PR-174)**	🔵	Fonic® Wash cleaning power with added citrus solvents to clean tough film and bug residue.

SOLVENT BASED PRE-SOAKS

FILM BUSTER PLUS **(PR-125)**	🟡🔵	Citrus based pre-soak effective in both hard and soft water environments.

JBS PREMIUM

DRYING AGENTS

HB SPRAY SHINE® **(WX-100)**	🟣	Super-beading spray shine designed for high or low pressure applications. Causes water to bead off vehicle surfaces.
HYB® SHINE **(WX-105)**	🟣🟡🔵	Hydrocarbon-free gloss enhancer and drying agent. Causes water to quickly sheet off vehicle surfaces.
ACTION® DRY **(WX-125)**	🟣🟡🔵	Quick breaking action reduces drying time. Provides long lasting protection.
FLASH DANCE® **(WX-200)**	🟣🟡🔵	Economical rinse aid and drying agent produces remarkable beading action. Causes water to quickly sheet off vehicle surfaces.

CLEAR COAT PROTECTANTS

HYB® SEALER **(WX-110)**	🟡🔵	Hydrocarbon-free sealant and protectant. Causes water to quickly sheet off vehicle surfaces.
PHOTO FINISH® **(WX-175)**	🟣	Remarkable foaming shine and gloss enhancer.
JBS CLEAR COAT SEALER **(WX-225)**	🟣🟡🔵	Premium grade silicone sealant and protectant. Provides ultimate shine and protection. Designed for high or low pressure applications.
JBS CLEAR COAT CONDITIONER **(WX-275)**	🟡🔵	Prepares vehicles for the clear coat sealer cycle. Contains iridescent brighteners to enhance the clear coat finish.
OMEGA DRY® **(WX-400)**	🟣🟡🔵	A must have for any automatic, tunnel or self-serve applications. Repels water by creating a hydrophobic surface that imparts a dry, shiny vehicle.

SEALANTS

SHINE TIME® **(WX-401)**	🟡🔵	Give your customers the shine that keeps them coming back. Shine Time® gives you the depth and gloss appearance of a freshly waxed vehicle.
SAMURAI SHIELD® **(WX-800)**	🟣🟡🔵	Remarkable shine and long lasting water repellant and protection.

CARNAUBA WAX

5X **(WX-402)**	🔵	Carnauba Wax that offers 5 times the shine of our competitors. High foaming action provides long lasting protection.

JBS PREMIUM

TRI-FOAMS

GLOW FOAM® POLISH **(WX-255)**	🟣🟠🔵	#1 selling Glow Foam®! Brilliant colored foam with silicone gloss enhancing agents for an incredible shine. Available in Blue, Pink, and Yellow.
WINTER GLOW FOAM® **(WX-256)**	🟣🟠🔵	Vibrant colored foam designed to clean and protect vehicle surfaces. Effective up to -50° F. Available in Blue, Pink and Yellow.
GLOW FOAM® WAX **(WX-257)**	🟣🟠🔵	Our most vivid shine and fastest foam breaking action! Delivers clear coat shine and protection with added water sheeting agents for quick dry times. Available in Blue, Pink and Yellow.
GLOW FOAM® DETERGENT **(WX-260)**	🟣🟠🔵	Bright colored foam with added foaming and lubricity capabilities. Available in Blue, Pink and Yellow.
GLOW FOAM® LOW PH **(WX-300)**	🟠	Low pH formula helps repel water to make drying agents more productive. Available in Blue, Pink and Orange.

DETERGENTS

FONIC® WASH **(DT-100)**	🟣🟠	A blend of surfactants that creates a high foaming detergent. Designed for self-serve, high pressure and full-serve foaming arch systems.
THICK & FOAMY® **(DT-150)**	🟣🟠	PH balanced body detergent with great lubricity and cleaning power. Customer appealing high foaming action.
FINAL CURTAIN® **(DT-160)**	🟠	Low pH cleaner designed for friction applications. Final Curtain® produces copious amounts of foam and lubricity.
FONIC® WASH PH PLUS **(PR-180)**	🟣🔵	High pressure high pH pre-soak and detergent.
JB-55 FOAMING BRUSH PLUS **(DT-230)**	🟣	Unbelievable amounts of foam and lubricity. Available in various customer pleasing colors and scents.
WINTER FOAM BRUSH **(DT-250)**	🟣	Non-freezing foam brush detergent for temperatures as low as 50° below zero.

WHEEL & TIRE CLEANERS

HYDRO FOAM® XT **(TR-102)**	🟣	Fast acting tire & engine cleaner. High foaming liquid for maximum customer appeal.
WHEEL KLEEN (LOW PH) **(TR-105)**	🟠	Low pH wheel & rim cleaner. To be used on automated CTA applications only. Not to be used on uncoated rims.
PREDATOR (HIGH PH) **(TR-125)**	🟣🟠🔵	Polymer based wheel & tire cleaner. Quickly removes stubborn road film and brake dust.
PREDATOR® S/S (HIGH PH) **(TR-126)**	🟣🟠	Polymer based wheel & tire cleaner. Quickly removes stains and break dust.
PREDATOR® CITRUS (SOLVENT) **(TR-130)**	🟠🔵	Citrus based wheel & tire cleaner. Quickly removes stains and break dust.
STINGRAY® TIRE CLEANER (LOW PH) **(TR-200)**	🟠	Low pH wheel & tire cleaner. Extremely effective on brake dust and oxide films. DOT non-corrosive product.

WHEEL & TIRE DRESSINGS

JBS TIRE GLOSS W/B **(ST-350)**	Thick water based tire dressing that provides a high gloss, sling free shine.
JBS SUPER TIRE GLOSS S/B **(ST-352)**	Solvent based tire dressing that provides ultimate glass-like finish and protection to the tire surface.
JBS TIRE GLOSS W/B **(ST-371)**	Water based tire dressing that restores vinyl and rubber surfaces. Produces a soft, velvety sheen on surfaces. CONTAINS NO SILICONE.

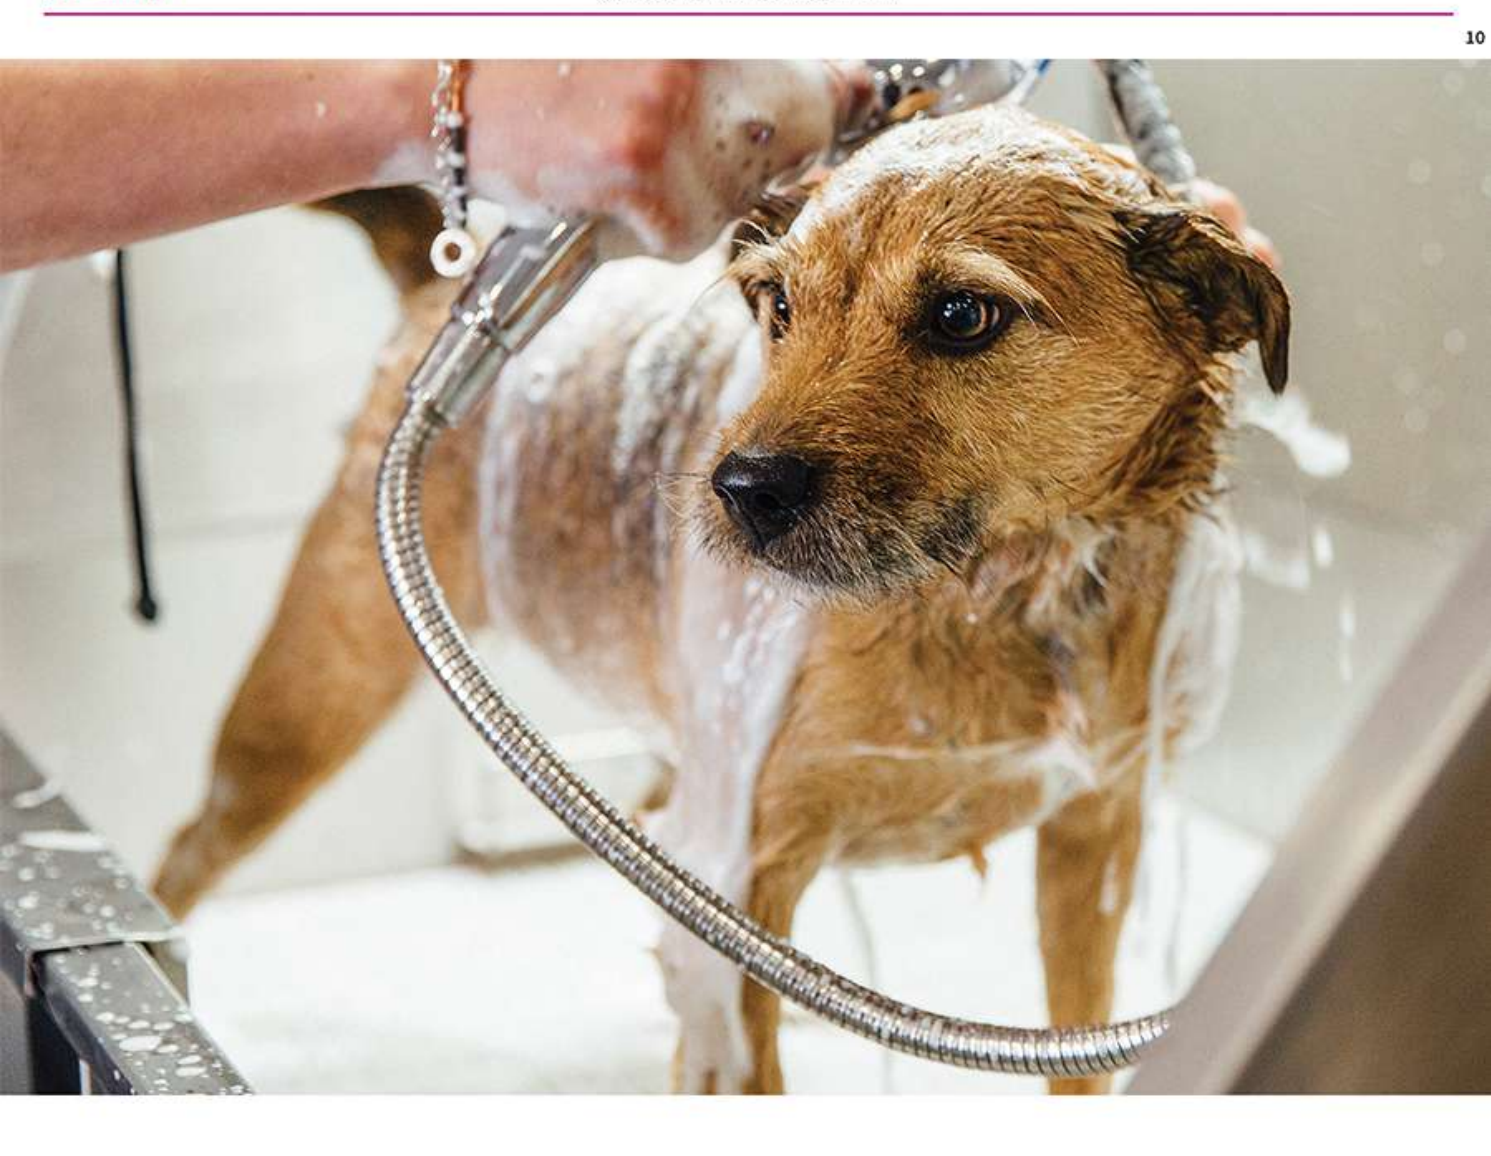
JBS PREMIUM

SPECIALTY PRODUCTS

TUNNEL SENSES® **(ST-102)**	Increase your customer's experience with additional scent that is easily applied through injection systems. Available in Lemon, Cherry, Bubble Gum, Tropical, Spearmint, Strawberry, Vanilla, Piña Colada, Grape and Orange.
JBS CARPET SHAMPOO **(ST-175)**	Low-foaming liquid carpet and upholstery shampoo. Safe for all washable fabrics.
BUGSAW® **(ST-200)**	Fast-acting, citrus based bug remover quickly penetrates and liquefies bugs and other insects that are normally encountered on windshields and grills.
BUGSAW® XTREME **(ST-202)**	High pH enhanced premium grade bug and pollen remover. Bugsaw® Xtreme is a prep detergent that penetrates and liquefies bugs and other insects quicker and easier than ever before! Use it effectively on the bug pass and low-pressure applications.
CAROLINA BLUE (CONCENTRATED) **(ST-230)**	Concentrated non-streaking and quick-evaporating glass cleaner.
JBS PIT DEODORIZER **(ST-250)**	Highly concentrated deodorant quickly eliminates odors associated with most reclaim systems. Easily dispersible in water.
JBS BAY & WALL CLEANER **(ST-275)**	Quickly removes build-up from brick, block and fiberglass walls.
MAKO® ORANGE **(ST-300)**	Economical citrus based all-purpose detergent.
MAKO® ORANGE EXTREME **(ST-310)**	Citrus based pre-soak that doubles as an excellent degreaser.
RECLAIM ODOR ELIMINATOR **(ST-438)**	Absorbs odor molecules and neutralizes all odors to reduce smells associated with organic material decomposition. Environmentally safe.

POWDERS

JB-100 POWDER **(PD-100)**	Quickly cuts through dirt and road film. Fast acting and free rinsing at extremely high use dilutions.
JB-250 POWDER **(PD-150)**	A 100% active heavy duty powdered pre-soak. Easily removes the toughest road film and grime.
FRENZY POWDER **(PD-155)**	A heavy duty powdered pre-soak and high pressure detergent. Can be used as a pre-soak, prep gun detergent or tire cleaner. Dissolves quickly and completely.
HYDRO WHITE POWDER **(PD-200)**	A Highly concentrated powdered tire, engine and whitewall cleaner.
JB-1000 POWDER **(PD-1000)**	High foaming powdered pre-soak. Formulated for tough cleaning conditions. Quickly removes road film.



FIDO FOAM®

Fido Foam® products are vitamin infused and contain exotic ingredients like Neem Oil, Aloe Vera, Cedar Wood Oil, Colloidal Oatmeal and Citronella to guarantee the complete spa-like treatment for your dog. 100% dog safe, 100% biodegradable and 100% environmentally safe.

TEARLESS SHAMPOO **(FF-101)**	Tearless Shampoo washes away dirt and odor gently and thoroughly, while leaving your dog's coat lustrous and easy to manage. Vitamin infused product also contains soothing Aloe Vera.
DISINFECTANT **(FF-102)**	Disinfectant is an all-purpose disinfectant for wash tub and surrounding areas. It removes viruses, fungi and bacteria quickly and effectively.
STINK BUSTER **(FF-103)**	Stink Buster safely controls and contains all odors associated with your dog. Product attaches itself to odor for effective capsulation and neutralization of smell. Product is non-toxic and biodegradable.
OATMEAL TREATMENT SHAMPOO **(FF-104)**	Oatmeal Treatment Shampoo is made of the finest colloidal oatmeal to provide the highest washing and bathing experience for your dog. Product is vitamin infused and exotic oatmeal soothes dry, itchy or irritated skin; also known to soothe stings or sun damage to your dog.
FLEA & TICK **(FF-105)**	Flea & Tick removes fleas, ticks and lice. Product restores natural luster after flea and tick treatment.
CONDITIONER **(FF-106)**	Fido Foam® Conditioner is a vitamin infused conditioner that leaves your dog's coat soft, shiny and manageable.

PREDATOR SERIES®
PROFESSIONAL DETAILING LINE

PREDATOR® DETAILING

Everyday contaminates, weather and time contribute to damaging the finish of automotive and marine vehicles. Without proper care of their finish, they are put in high risk of rusting and oxidation creating permanent damage, resulting in costly repairs or worse, required replacement.

The Predator Series® is a complete line of automotive and marine detailing products that are specially designed with the user in mind. Packaged in 16 and 22 ounce bottles, products are easily handled and applied to the surface of any car, boat or RV.

REMOVES:
Dirt, water spots, scratches, oxidation, fallout and acid rain damage, cobwebs, swirl marks, brake dust and MORE!

INCLUDES:
Washes, cleaners, polishes, waxes, interior cleaners and protectants.

SAFE ON:
Paint, metal, glass and fiber glass.

PURTEQ™

PURTEQ™ provides the most innovative interior air and surface quality reconditioning solutions.

The PURTEQ™ system is a revolutionary new and environmentally friendly odor, germ and allergen removal system for car's, boat's and RV's.

Using the latest in UV-PCO technology, PURTEQ™ can quickly and effectively remove pet odors, smoke odors, food odors, germs, bacteria, mold, mildew, stains and other contaminants from the interior.

Leather Cleaner
Prep-Clay Light

CHEMICAL DILUTIONS

ChemFLEX Injectors - Chemical Dilutions Ratio (assumes feed pressure of 200 psi)

NOTE: Dilution ratios given below are based on drawing water through the metering tips and are meant as a starting point for system configuration. Results are expected to vary when drawing chemicals due to differences in viscosity and temperature. There might be slight variations of performance in injectors and metering tips that are unavoidable due to manufacturer tolerances. Using the same tip from site to site is a good starting point. However, with the potential for variation from part to part, it is reasonable to still need to do some adjustments from there.

Contact your sales representative for specific recommended product dilutions.

Metering Tip Selection:

The final concentration of the dispensed liquid is related to both the size of the metering tip opening (orifice) and the viscosity of the liquid being siphoned. For water-thin products, use the chart below as a guideline. Because such factors as inlet water pressure and temperature can affect dilution ratios, the figures listed below are only approximate. Test the actual dilution you are achieving using the Measurement of Concentration procedure for best results. Two undrilled, clear tips are supplied for drilling sizes not listed.

Tip Color	Drill Size	Approx. Ratio @ 40PSI, Water-thin viscosity
No Tip		4:1
Gray	30	5:1
Black	40	6:1
Beige	50	8:1
Red	55	17:1
White	57	23:1
Blue	60	25:1

Tip Color	Drill Size	Approx. Ratio @ 40PSI, Water-thin viscosity
Tan	65	36:1
Green	70	48:1
Orange	72	64:1
Brown	74	75:1
Yellow	76	90:1
Purple	80	120:1
Pink	87	240:1

506/511 Hydrominder	
Ultra Lean Tip Color	Dilution Rate
Light Pink	568:1
Light Purple	674:1
Green	956:1
Dark Pink	1480:1
Orange	2331:1
